UPGRADE, REPLACE OR REPOWER  
WITH CAT® REMAN ENGINE OPTIONS

## GET MORE VALUE FROM YOUR REPAIR DOLLARS

When it's time to overhaul your Cat® heavy-duty on-highway truck engine, you need a solution that gets you back on the road fast, at a price you can afford. We offer two quality options that deliver just that. Both come fully assembled for a quick repair, and both can save you thousands in labor — savings you can apply to other overhaul needs.

A **Cat Reman engine** delivers like new performance at a fraction-of-new price, making it a smart way to get your truck back up and running fast and within your budget. **Cat Reman engines with new content** provide 100% new cylinder blocks, crankshafts and cylinder heads. An ideal choice, whether you want to upgrade to a newer model or repower your truck with the exceptional core leniency that a Cat Reman engine provides. Each repair option is backed by a two-year unlimited-miles Caterpillar Limited Warranty<sup>1</sup> with Extended Service Coverage (ESC) available for even more peace of mind.

**COST-EFFECTIVE  
UPGRADE OR REPOWER**

**2 REPAIR OPTIONS  
TO FIT YOUR NEEDS**

**FULLY ASSEMBLED  
SOLUTIONS**

# TWO SMART SOLUTIONS THAT SAVE YOU TIME AND MONEY

## CAT REMAN ENGINES

Cat Reman heavy-duty engines can simplify and accelerate your overhaul with a fully assembled, remanufactured solution. That includes components like the electronic control module (ECM), engine wiring harness and sensor set as well as a complete set of oil and fuel lines.

### At state-of-the-art remanufacturing facilities, our team:

- Disassembles, cleans and inspects every component and incorporates the latest engineering changes
- Replaces all piston rings, rubber parts, springs, seals, gaskets and o-rings with 100% new components
- Installs new cylinder liners
- Regrinds and polishes crankshaft journal surfaces to exact dimensions
- Reassembles the final product using Caterpillar product engineering standards
- Performs dynamometer testing and tuning to ensure every product meets original performance specifications

## » CORE CREDIT<sup>2</sup> FOR CAT REMAN ENGINES

DOES YOUR CORE LOOK LIKE THIS?  
IF SO, YOU MAY QUALIFY FOR FULL CORE CREDIT.

**FULL  
CORE  
CREDIT**  
- -  
BEGINS WITH

NO CRACKS

NO FIRE DAMAGE

MINIMAL RUST

# MORE VALUE, NO MATTER WHICH REPAIR OPTION YOU CHOOSE

## CAT REMAN ENGINES WITH NEW CONTENT

These engines feature 100% new cylinder blocks, cylinder heads and crankshafts — reducing the risk of a critical failure in components inspected during an overhaul.

**Cat Reman engines with new content are an ideal repair option in these situations:**

- You need to restart the lifecycle of your engine, making future overhauls possible.
- You want to upgrade to a newer model. With a Cat Reman engine with new content, you can move from an older, higher-emitting model to a newer, lower-emitting one.
- You want to replace another engine brand.<sup>3</sup> A Cat Reman engine with new content lets you repower with a Cat Reman engine of similar displacement and emissions level.
- Your existing core is damaged due to failure or has no value due to excessive rust and corrosion.

## » CORE CREDIT<sup>2</sup> FOR CAT REMAN ENGINES WITH NEW CONTENT

**GREATER FLEXIBILITY IN CORE ACCEPTANCE CRITERIA MEANS WE CONSIDER DAMAGED, RUSTED AND LOW-VALUE CORES FOR FULL CORE CREDIT — AS WELL AS QUALIFYING COMPETITIVE CORES.<sup>4</sup>**

# REPOWER OPTIONS THAT REDUCE DOWNTIME AND LABOR COSTS

## » C-12 AND C13 WITH REAR ENGINE PTO CONFIGURATION

If your existing truck engine has a Rear Engine Power Take-Off (REPTO), a repower is easier and less expensive. Instead of purchasing a standard engine and reconfiguring it, you can repower your truck with a C-12 or C13 Cat Reman engine with new content and a REPTO configuration.<sup>5</sup> This helps you save on labor costs and get your truck back on the road faster.

## » C-12 WITH A STANDARD CONFIGURATION

The C-12 with a standard configuration includes a standard flywheel housing and offers all the advantages of other Cat Reman engines with new content — including 100% new cylinder blocks, cylinder heads and crankshafts.

## WHAT THESE OPTIONS CAN DO FOR YOU

**C-12 and C13 repowers for standard and Rear Engine PTO configurations offer:**

- » Complete Cat Reman engines as convenient drop-in solutions
- » REPTO configurations that save you even more time and labor, as there is no need to reconfigure a standard engine
- » Replacement and repowering opportunities for C-12, C13, 3176, 3306, C-10 or C11 Cat truck engines
- » Cat Reman engines with new content, meaning you get 100% new cylinder blocks, cylinder heads and crankshafts

# PRE-INSTALLED COMPONENTS THAT ADD VALUE TO YOUR ENGINE

CAT REMAN ENGINES AND CAT REMAN ENGINES WITH NEW CONTENT PROVIDE COST-EFFECTIVE WAYS TO REPOWER OR UPGRADE WITH COMPONENTS THAT ADD VALUE TO YOUR ENGINE.

	Cat Reman Engine	Cat Reman Engine with New Content
<b>PRE-INSTALLED COMPONENTS</b>		
CYLINDER BLOCK	•	100% new
CRANKSHAFT	•	100% new
CYLINDER HEAD	•	100% new
TURBOCHARGER	•	•
INJECTOR SET	•	•
ELECTRONIC CONTROL MODULE, ENGINE WIRING HARNESS & SENSORS	•	•
REAR HOUSING & FLYWHEEL	•	•
INLET & EXHAUST MANIFOLDS	•	•
OIL & FUEL LINES	•	•
AIR COMPRESSOR	•	•

## CAT REMAN ENGINES SAVE YOU TIME AND MONEY

- » NO need for reusability determination
- » NO need to disassemble the engine
- » NO dealing with broken bolts
- » NO need to outsource machining or repair work

# SUPPORT THAT KEEPS YOUR ENGINE RUNNING STRONG

## » PEACE-OF-MIND COVERAGE

Cat Reman heavy-duty engines come with a two-year unlimited-miles Caterpillar Limited Warranty<sup>1</sup> that covers:

- All engine components for the entire warranty period
- Parts and installation labor<sup>1</sup> to replace defective parts, even if the original repair was not performed by a Cat dealer (assuming workmanship did not cause the failure)
- Resultant damage<sup>1</sup> caused by a covered component to other Cat engine components
- Replacement of engine oil, coolant and filters if contaminated during a failure of a covered component<sup>1</sup>
- All of the above, repairs at any authorized Cat dealer (not limited to the original selling or servicing dealer)

## » YOUR DEALER IS STANDING BY

The Cat dealer network stocks a broad line of new and Cat Reman parts and components, supported by the Caterpillar worldwide inventory and distribution system. With over 30 authorized Cat dealers in North America who manage a combined network of 2,000+ sales and service locations, Cat Reman components are drop-in ready solutions, which help you reduce downtime, maintain productivity, and keep your Cat on-highway truck engine on the road for the long haul.

COVERAGE AND ALL YOUR REPAIR OPTIONS.**

<sup>1</sup>Warranty can vary by model and application; limitations may apply. For complete details about the applicable Caterpillar Limited Warranty, contact an authorized Cat dealer.

<sup>2</sup>Additional guidelines may apply. Contact your authorized Cat dealer for more information.

<sup>3</sup>Some exclusions apply.

<sup>4</sup>Competitive core must have similar displacement and the same or newer emissions than the engine being replaced.

<sup>5</sup>The C13 is available only with a high-mount turbocharger and REPTO configuration. For other turbocharger configurations, contact your authorized Cat dealer.

<sup>6</sup>60-month coverage is available on heavy-duty Cat Reman engines, with a 500k mile limit. Contact your authorized Cat dealer for details.
